

CAPABILITY STATEMENT

ABOUT US

IAMUS delivers high-quality solutions and services to IC, DoD, Federal and commercial customers. IAMUS security, software, and systems engineers & architects are solving some of the nation's most complex problems in cyber analytics and data science, and infrastructure security lifecycle - from architecture, integration, quality, governance, testing, management, and analysis: all the way from concept to users' eyeballs on the glass. Our cybersecurity analysts ensure the secure operations of some of our nation's most important missions through blue/red/purple teaming, security monitoring, incident response, forensics, and threat hunting.
